1. Child Protection Ethos

We in Gracehill Primary School have a responsibility for the pastoral care, general welfare and safety of the children in our care and we will carry out this duty by providing a caring, supportive and safe environment, where each child is valued for his or her unique talents and abilities, and in which all our young people can learn and develop to their full potential. All staff, teaching and non-teaching should be alert to the signs of possible abuse and should know the procedures to be followed. This Policy sets out guidance on the action, which is required where abuse or neglect of a child is suspected and outlines referral procedures within our school.

In doing so we are compliant with the legislative and policy framework in Northern Ireland. The legislative framework for Northern Ireland's child protection system is set out in The Children (Northern Ireland) Order 1995. This sets out parental responsibilities and rights and the duties and powers public authorities have to support children.

The creation of the regional Safeguarding Board for Northern Ireland (SBNI) was set out in law in the Safeguarding Board Act (Northern Ireland) 2011. This also established five Safeguarding Panels to support the SBNI's work at a Health and Social Care Trust level (HSCT).

The Children's Services Co-operation Act (Northern Ireland) 2015 requires public authorities to co-operate in contributing to the wellbeing of children and young people, in the areas of:

- physical and mental health
- enjoyment of play and leisure
- learning and achievement
- living conditions, rights, and economic wellbeing.

Under Section 5 of the Criminal Law Act (Northern Ireland) 1967, it is an offence not to report a 'relevant offence' to the police. This includes offences against children.

The key principles reflected in the legislative and policy framework is manifest in DE guidance on safeguarding, which the school is required to be compliant.

2. Principles

- The general principles, which underpin our work, are those set out in the UN Convention on the Rights of the Child and are enshrined in the Children (Northern Ireland) Order 1995, The Education and Libraries (NI) Order 2003, the Department of Education (Northern Ireland) Safeguarding and Child Protection in Schools – A Guide for Schools (December 2017 – amended September 2019, updated June 2020, updated June 2022), SBNI Regional Child Protection Policy and Procedures (August 2017) and updates, Co- operating to Safeguard Children and Young People in Northern Ireland (2016), Safeguarding Board Act Northern Ireland (2011).

The following principles form the basis of our Child Protection Policy.

- It is a child's right to feel safe at all times, to be heard, listened to and taken seriously.
- We have a pastoral responsibility towards the children in our care and should take all reasonable steps to ensure their welfare is safeguarded and their safety is preserved.

- In any incident the child's welfare must be paramount, this overrides all other considerations.
- A proper balance must be struck between protecting children and respecting the rights and needs of parents and families; but where there is conflict the child's interest must always come first.

3. Other Relevant Policies

The school has a duty to ensure that safeguarding permeates all activities and functions. The child protection therefore complements and supports a range of other school policies including:

- Attendance Policy
- Promoting and Sustaining Positive Behaviour
- Anti-Bullying Policy (Revised in light of The Addressing Bullying in Schools Act (NI) 2016)
- Use of Reasonable Force/Safe Handling
- Special Educational Needs
- First Aid and Administration of Medicines
- Health and Safety Policy
- Relationships and Sexuality Education
- Intimate Care
- Use of Mobile Phones/Cameras
- E-Safety Policy
- Code of Conduct

These policies are available to parents and any parent wishing to have a copy should contact the School office or visit the school website at www.gracehillps.com

4. Roles And Responsibilities

4.1 The School Safeguarding Team

The following are members of the school's Safeguarding Team

- Chair of the Board of Governors - Bishop S Groves
- Designated Governor for Child Protection - Mr Rodney Hall
- Principal – Mr Robert McCombe
- Designated Teacher – Mrs A Cousley
- Deputy Designated Teachers – Mrs J Rowe/Mrs Cameron
- Nursery Designated Teacher – Mrs Elizabeth Kennedy

The main role of the team is to:

- Monitor and periodically audit the safeguarding and child protection arrangements in the school
- Identify any actions required to address audit findings or ETI inspection of its safeguarding/child protection arrangements

- Provide support for the Designated and Deputy Designated teachers in the exercise of their child protection responsibilities.

The roles and responsibilities of individual members of the Safeguarding team are summarised in **Appendix 1**.

4.2 The Board of Governors

The Board of Governors as a body must ensure that the school fulfils its safeguarding responsibilities in keeping with current legislation and DE guidance including:

- ensuring that safeguarding/child protection is a standard item on the agenda of Board of Governor meetings
- ensuring that the school has a child protection policy which is reviewed annually, and that parents and pupils receive a copy of the child protection policy and complaints procedure every two years
- approving the school child protection policy at least once every 2 years
- ensuring that there is a time-tabled review of all other safeguarding policies and that they are presented to the BOG for approval.
- receiving annual child protection reports.
- ensuring there is a staff code of conduct for all adults working in the school
- attending relevant child protection/safeguarding training for Governors

4.3 School Staff

Teachers, Classroom Assistants and other Support staff in school see children on a daily basis over long periods and can notice physical, behavioural and emotional indicators and a child may choose to disclose to them allegations of abuse.

Members of staff **must** refer concerns or disclosures to the Designated/Deputy Teacher for Child Protection/Principal. In addition, class teachers should also keep the Designated Teacher informed in writing or verbally about poor attendance and punctuality, poor presentation, changed or unusual behaviour including self-harm and suicidal thoughts, deterioration in educational progress, discussions with parents about concerns relating to their child, concerns about pupil abuse or serious bullying and concerns about home circumstances including disclosures of domestic abuse. A pro-forma for reporting a concern or disclosure is included at **Appendix 4**.

If a member of staff does not feel their concerns are being taken seriously or action to safeguard the child is not being taken by professionals and the child is considered to be at risk of continuing harm then they should speak to the Designated Teacher for Child Protection, Principal, Education Authority Designated Officer for Child Protection or to Social Services.

4.4 Parents

The primary responsibility for safeguarding and protection of children rests with parents who should feel confident about raising concerns they have in relation to their child.

Parents can play their part in safeguarding by:

- telephoning the school on the morning of their child's absence, or sending in a note on the child's return to school, so as the school is reassured as to the child's well-being;

- making requests to the school in advance for permission to allow their child to attend medical or other appointments including providing details of any arrangements for the collection of the child
- informing the school whenever anyone, other than themselves, intends to pick up the child after school
- familiarising themselves with the schools safeguarding policies e.g. Anti Bullying, Promoting and Sustaining Positive Behaviour, E-Safety and Child Protection Policies;
- reporting to the school office when they visit the school
- sharing any concerns they may have in relation to their child with the school.

5. Definition of Harm

Harm can be suffered by a child or young person by acts of abuse perpetrated upon them by others. Abuse can happen in any family, but children may be more at risk if their parents have problems with drugs, alcohol and mental health, or if they live in a home where domestic abuse happens. Abuse can also occur outside of the family environment. Evidence shows that babies and children with disabilities can be more vulnerable to suffering abuse.

Although the harm from the abuse might take a long time to be recognisable in the child or young person, professionals may be in a position to observe its indicators earlier, for example, in the way that a parent interacts with their child. Effective and ongoing information sharing is key between professionals.

(Co- operating To Safeguard Children and Young People in Northern Ireland 2016)

Harm can be caused by:

- Physical abuse
- Sexual abuse
- Emotional abuse
- Neglect; and
- Exploitation

The procedures outlined in this document are intended to safeguard children who are at risk of significant harm because of abuse or neglect by a parent, carer or other with a duty of care towards a child. The main types of abuse as well as their physical and behavioural indicators are included in **Appendix 3**.

6. Dealing with Disclosures of Abuse

The following are guidelines for use by staff should a child disclose concerns of a child protection nature.

Receive - listen to what the child says, without displaying shock or disbelief. Accept what is said, making brief cursory notes. These notes should be retained.

Reassure - ensure the child is reassured that he/she will be safe and his/her interests will come first. **No promise of confidentiality can or should be made to a child or anyone else giving information about possible abuse.**

Respond - respond to the child only as far as is necessary for you to establish whether or not you need to refer the matter. Use open questions e.g. anything else to tell me? Do not interrogate or ask leading questions - this may invalidate your evidence and the child's in any later court proceedings. Do not criticise the perpetrator - the child may love this person and reconciliation may be possible. Explain what you have to do next and to whom you have to talk.

Record - make notes at the time and write these up as soon as possible afterwards. Note the time, date, place, people present as well as what *is seen and* said. Record key phrases/words used, noticeable non-verbal behaviour and any physical injuries. Under no circumstances should a child be photographed or a child's clothing removed. Do not destroy original notes.

Report - refer the matter to the Designated Teacher. Respect confidentiality i.e. the matter should only be discussed on a need to know basis.

7. Procedures for Reporting Suspected or Disclosed Child Abuse.

7.1 How a Parent can make a complaint which may be of a possible Safeguarding/ Child Protection Nature.

We aim to work closely with parents/guardians in supporting all aspects of their child's development and well-being. Any concerns a parent may have will be taken seriously and dealt with in a professional manner. If a parent has a concern they can talk to the Class Teacher, the Designated or Deputy Designated Teacher for child protection or the Principal. If they are still concerned they may talk to the Chair of the Board of Governors. At any time a parent may talk to a social worker in the local Gateway team or to the PSNI Public Protection Unit. Details of who to contact are shown in the flowchart in **Appendix 5**.

7.2 Where the school has concerns or has been given information about possible abuse by someone other than a member of the school staff including volunteers

If a child makes a disclosure to a teacher or other member of staff which gives rise to concerns about possible abuse, or if a member of staff has concerns about a child, the member of staff must act promptly. **He/she should not investigate** - this is a matter for Social Services - but should report these concerns immediately to the Designated Teacher, discuss the matter with her, and make full notes.

These notes or records should be factual, objective and include what was seen, said, heard or reported. They should include details of the place and time and who was present and should be given to the Designated/Deputy Designated Teacher. The person who reports the incident must treat the matter in confidence.

The Designated/Deputy Designated Teacher will decide whether in the best interest of the child the matter needs to be referred to Social Services. He/she will discuss the matter with the Principal and may also seek advice or clarification from the Education Authority Designated Officer for Child Protection or from Social Services (Gateway Team). Where it is evident that a young person has been or is at risk of being abused and/or a criminal offence may have been committed then the school must make a referral.

Referrals to Social Services will be made by telephone in the first instance and within 24 hours will be followed by the completion of a UNOCINI (Understanding the Needs of

Children in Northern Ireland) referral form. A copy of the UNOCINI form will be placed in the school's child protection file.

This procedure with names and contact numbers is shown in **Appendix 6**.

7.3 Where a complaint has been made about possible abuse by a member of the school's staff or a Volunteer

When a complaint about possible child abuse is made against a member of staff the Principal (or the Designated Teacher if the Principal is not available) must be informed immediately. If the complaint is against the Principal then the Designated Teacher should be informed and he/she will inform the Chair of the Board of Governors who will consider what action is required in consultation with the employing authority. The procedure as outlined in **appendix 7** will be followed in keeping with current Department of Education guidance (DE Circular 2015/13).

8. Attendance at Child Protection Case Conferences and Other Social Services Meetings

The Designated Teacher/Deputy Designated Teacher or Principal may be invited to attend an initial and review Child Protection Case Conferences, core group or family support planning meetings convened by the Health & Social Care Trust. They will provide a written report which will be compiled following consultation with relevant staff. Feedback will be given to staff under the 'need to know' principle on a case-by-case basis. Children whose names are on the Child Protection register will be monitored and supported in accordance with their child protection plan.

9. Consent from Pupils and Parents

Prior to making a referral to Social Services the consent of the parent/carers and/or the young person (if they are competent to give this) will normally be sought. The exception to this is where to seek such consent would put that child, young person or others at increased risk of significant harm or an adult at risk of serious harm, or it would undermine the prevention, detection or prosecution of a serious crime including where seeking consent might lead to interference with any potential investigation.

In circumstances where the consent of the parent/carer and/or the young person has been sought and is withheld we will consider and where possible respect their wishes. However, our primary consideration must be the safety and welfare of the child and we will make a referral in cases where consent is withheld if we believe on the basis of the information available that it is in the best interests of the child/young person to do so.

10. Confidentiality and Information Sharing

Information given to members of staff about possible child abuse cannot be held "in confidence". In the interests of the child, staff have a responsibility to share relevant information about the protection of children with other professionals particularly the investigative agencies. In keeping with the principle of confidentiality, the sharing of information with school staff will be on a 'need to know' basis. Should a child transfer to another school whilst there are current child protection concerns we will share these concerns with the Designated Teacher in the receiving school.

11. Record Keeping/Transfer of Records

All child protection records, information and confidential notes are stored securely and only the Designated Teacher/Deputy Designated Teacher and Principal have access to them. If information is held electronically, whether on a PC, a laptop or on a portable memory device, it will be in a private folder password protected. In accordance with DE policy on the disposal of child protection records these records will be stored until the child is 30 years old.

When a child moves to another school a copy of his/her child protection file if one exists will be transferred to the receiving school. This process will be followed by the Designated Teacher in the school of origin who will transfer a copy of the file (minus third party information) to the Designated Teacher in the receiving school. The original file will be retained in Gracehill Primary until the child reaches the age of 30 years.

12. Operation Encompass

We are an Operation Encompass school. Operation Encompass is an early intervention partnership between local Police and our school, aimed at supporting children who are victims of domestic violence and abuse. As a school, we recognise that children's exposure to domestic violence is a traumatic event for them.

Children experiencing domestic abuse are negatively impacted by this exposure. Domestic abuse has been identified as an Adverse Childhood Experience and can lead to emotional, physical and psychological harm. Operation Encompass aims to mitigate this harm by enabling the provision of immediate support. This rapid provision of support within the school environment means children are better safeguarded against the short, medium and long-term effects of domestic abuse.

As an Operation Encompass school, when the police have attended a domestic incident and one of our pupils is present, they will make contact with the school at the start of the next working day to share this information with a member of the school safeguarding team. This will allow the school safeguarding team to provide immediate emotional support to this child as well as giving the designated teacher greater insight into any wider safeguarding concerns.

This information will be treated in strict confidence, like any other category of child protection information. It will be processed as per DE Circular 2020/07 'Child Protection Record Keeping in Schools' and a note will be made in the child's child protection file. The information received on an Operation Encompass call from the Police will only be shared outside of the safeguarding team on a proportionate and need to know basis. All members of the safeguarding team will complete online Operation Encompass training, so they are able to take these calls. Any staff responsible for answering the phone at school will be made aware of Operation Encompass and the need to pass these calls on with urgency to a member of the Safeguarding team.

Further information see [The Domestic Abuse Information Sharing with Schools etc. Regulations \(Northern Ireland\) 2022.](#)

13. Safeguarding in the Curriculum

Gracehill Primary is strongly committed to developing positive relationships and a caring ethos across the whole school. The personal development curriculum and wellbeing of pupils has a high priority and keeping safe messages are embedded throughout the school. The teachers delivering the PDMU programme are highly skilled in both pastoral care and personal development and there are effective links across the wider curriculum. We consult with parents, pupils and community organisations and external providers are carefully selected and evaluated prior to delivering their programmes in the school. School Visitors include NSPCC, Women's Aid, Action Mental Health, Love for Life etc. There are permanent child protection posters in the main foyer and relevant information in each resource area, which provides advice and displays child helpline numbers.

14. Vetting Procedures

All staff paid or unpaid who are appointed to positions in the School are vetted/supervised in accordance with relevant legislation and Departmental guidance.

15. Code Of Conduct For all Staff Paid Or Unpaid

All actions concerning children and young people must uphold the best interests of the young person as a primary consideration. Staff must always be mindful of the fact that they hold a position of trust and that their behaviour towards the child and young people in their charge must be above reproach.

All members of staff are expected to comply with the school's Code of Conduct for Employees and Volunteers which is included as **Appendix 2** to this policy.

16. Staff Training

When new staff or volunteers start at the school they are briefed on the school's Child Protection Policy and Code of Conduct and given copies of these policies. All staff will receive basic child protection awareness training and annual refresher training. The Principal, Designated Teacher/Deputy Designated Teacher, Chair of the Board of Governors and Designated Governor for Child Protection will also attend child protection training courses specific to their roles which is provided by the Education Authority's Child Protection Support Service for Schools.

17. Monitoring and Evaluation

This policy will be reviewed annually by the Designated Teacher for Child Protection and approved every 2 years by the Board of Governors for dissemination to parents, pupils and staff. It will be implemented through the schools staff induction and training programme and as part of day to day practice. Compliance with the policy will be monitored on an on-going basis by the Designated Teacher for Child Protection and periodically by the Schools Safeguarding Team.

Appendix 2

Code of Conduct for Staff and Volunteers in Schools

Date Ratified by BOG: _____
Review Date: _____

Objective, Scope and Principles

This Code of Conduct, which applies to all staff and volunteers, is designed to give guidance on the standards of behaviour which should be observed. School staff and volunteers are role models, in a unique position of influence and trust and must adhere to behaviour that sets a good example to all the pupils within the school.

It does not form part of any employee's contract of employment. It is merely for guidance and specific breaches of the Code must not be viewed as a disciplinary offence.

The Code includes sections on:

- Setting an example
- Relationships and Attitudes
- Private Meetings with Pupils
- Physical Contact with Pupils
- Honesty and Integrity
- Conduct Outside of Work
- E-Safety and Internet Use
- Confidentiality

1. Setting an Example

1.1

All staff and volunteers in schools set examples of behaviour and conduct which can be copied by pupils/students. Staff and volunteers should therefore, for example, avoid using inappropriate or offensive language at all times, and demonstrate high standards of conduct in order to encourage our pupils to do the same. All staff and volunteers should be familiar with all school policies and procedures and to comply with these so as to set a good example to pupils.

1.2

Staff and volunteers must always comply with statutory requirements in relation to such issues as discrimination, health and safety and data protection.

2. Relationships and Attitudes

2.1

All staff and volunteers should treat pupils with respect and dignity and not in a manner which demeans or undermines them, their parents or carers, or colleagues. Staff and volunteers should ensure that their relationships with pupils are appropriate to the age and maturity of their pupils. They should not demonstrate behaviours that may be perceived as sarcasm, making jokes at the expense of pupils, embarrassing or humiliating pupils, discriminating against or favouring pupils. Attitudes, demeanour and language all require thought to ensure that conduct does not give rise to comment or speculation. Relationships with pupils must be professional at all times and sexual relationships with current pupils are not permitted and may lead to criminal conviction.

2.2

Staff and volunteers may have less formal contact with pupils outside of school; perhaps through mutual membership of social groups, sporting organisations, or family connections. Staff and volunteers should not assume that the school would be aware of any such relationship and should therefore consider whether the school should be made aware of the connection.

2.3

Staff and volunteers should always behave in a professional manner, which within the context of this Code of Conduct includes such aspects as:

- acting in a fair, courteous and mature manner to pupils, colleagues and other stakeholders;
- co-operating and liaising with colleagues, as appropriate, to ensure pupils receive a coherent and comprehensive educational service;
- respect for school property;
- taking responsibility for the behaviour and conduct of pupils in the classroom and sharing such responsibility elsewhere on the premises;
- being familiar with communication channels and school procedures applicable to both pupils and staff and volunteers;
- respect for the rights and opinions of others.

3. Private Meetings with Pupils

3.1

It is recognised that there will be occasions when confidential interviews with individual pupils must take place. As far as possible, staff and volunteers should conduct interviews in a room with visual access or with an open door and ensure that another adult knows that the interview is taking place. Where possible, another pupil or (preferably) another adult should be present or nearby during the interview.

4. Physical Contact with Pupils

4.1

To avoid misinterpretations, and so far as is practicable, staff and volunteers are advised not to make unnecessary physical contact with a pupil.

4.2

Staff and volunteers should therefore be cognisant of the guidance issued by the Department on the use of reasonable force (Circular 1999/09 and guidance document 'Towards a Model Policy in Schools on Use of Reasonable Force').

5. Honesty and Integrity

5.1

All staff and volunteers are expected to maintain the highest standards of honesty and integrity in their work. This includes the handling and claiming of money and the use of school property and facilities.

5.2

Gifts from suppliers or associates of the school (eg a supplier of materials) must be declared to the Principal. A record should be kept of all such gifts received. This requirement does not apply to "one off" token gifts from pupils or parents eg at Christmas or the end of the school year. Staff and volunteers should be mindful that gifts to individual pupils may be considered inappropriate and could be misinterpreted.

6. Conduct outside of Work

6.1

Staff and volunteers should not engage in conduct outside work which could damage the reputation and standing of the school or the staff/ volunteer's own reputation or the reputation of other members of the school community.

6.2

Staff and volunteers may undertake work outside school, either paid or voluntary and should ensure it does not affect their work performance in the school. Advice should be sought from the Principal when considering work outside the school.

7. E-Safety and Internet Use

7.1

A staff member or volunteer's off duty hours are their personal concern but all staff and volunteers should exercise caution when using information technology and be fully aware of the risks to themselves and others. For school-based activities, advice is contained in the school's Online Safety Policy.

7.2

Staff and volunteers should exercise particular caution in relation to making online associations/friendships with current pupils via social media and using texting/email facilities to communicate with them. It is preferable that any contact with pupils is made via the use of school email accounts or telephone equipment when necessary.

8. Confidentiality

8.1

Staff and volunteers may have access to confidential information about pupils including highly sensitive or private information. It should not be shared with any person other than on a need to know basis. In circumstances where the pupil's identity does not need to be disclosed the information should be used anonymously.

8.2

There are some circumstances in which a member of staff or volunteer may be expected to share information about a pupil, for example when abuse is alleged or suspected. In such cases, individuals should pass information on without delay, but only to those with designated child protection responsibilities.

8.4

If a member of staff or volunteer is in any doubt about whether to share information or keep it confidential he or she should seek guidance from a senior member of staff. Any media or legal enquiries should be passed to senior leadership.

8.5

Staff and volunteers need to be aware that although it is important to listen to and support pupils, they must not promise confidentiality or request pupils to do the same under any circumstances. Additionally concerns and allegations about adults should be treated as confidential and passed to the Principal or a member of the safeguarding team without delay.

8.6

The school's child protection arrangements should include any external candidates studying or sitting examinations in the school.

Exploitation

Child sexual exploitation is a form of child **sexual abuse**. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/ or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.

Co-operating to Safeguard Children and Young People in NI. DHSSPS 2016 (revised August 2017)

The key factor that distinguishes cases of CSE from other forms of child sexual abuse is the concept of exchange – the fact that someone coerces or manipulates a child into engaging in sexual activity **in return for something** they need or desire and/or for the gain of those perpetrating or facilitating the abuse. The something received by the child or young person can include both tangible items and/or more intangible 'rewards' OR 'benefits' such as perceived affection, protection or a sense of value or belonging.

Any child under the age of eighteen, male or female, can be a victim of CSE, including those who can legally consent to have sex. The abuse most frequently impacts upon those of a post-primary age and can be perpetrated by adults or peers, on an individual or group basis.

The potential indicators of CSE can include, but are not limited to:

- Acquisition of money, clothes, mobile phone etc without plausible explanation;
- Leaving home/care without permission;
- Persistently going missing or returning late;
- Receiving lots of texts/phone calls prior to leaving;

- Agitated/stressed prior to leaving home/care;
- Returning distraught/ dishevelled or under the influence of substances;
- Requesting the morning after pill upon return;
- Truancy from school;
- Inappropriate sexualised behaviour for age;
- Physical symptoms or infections e.g. bruising, bite marks, sexually transmitted infections;
- Concerning use of the internet;
- Entering or leaving cars driven by unknown adults or by taxis;
- New peer groups;
- Significantly older 'boyfriend' or 'girlfriend';
- Increasing secretiveness around behaviours;
- Low self-esteem;
- Change in personal hygiene (greater attention or less);
- Self harm and other expressions of despair;
- Evidence or suspicion of substance misuse.

Whilst these indicators can be usefully used to identify potential risk, it is important to note that their presence does not necessarily mean that CSE is occurring. More importantly, nor does their absence, mean that it is not.

Although 'exploitation' is not included in the categories of registration for the Child Protection Register, professionals should recognise that the abuse resulting from or caused by the exploitation of children and young people can be categorised within the existing CPR categories as children who have been exploited will have suffered from physical abuse, neglect, emotional abuse, sexual abuse or a combination of these forms of abuse
(Co- operating To Safeguard Children and Young People in Northern Ireland 2016)

A child may suffer or be at risk of suffering from one or more types of abuse and abuse may take place on a single occasion or may occur repeatedly over time.

Child Abuse in Other Specific Circumstances

Bullying

Bullying causes physical and/or emotional harm and can result in significant problems of low self-esteem, social isolation, anxiety and depression for the children or young people subjected to it. Bullying occurs in a variety of settings and can take place off and online.
Safeguarding and Child Protection in Schools – A Guide for Schools (2017)

It can cause considerable distress to children and at the extreme cause them significant harm (including self harm).

The procedure for referral and investigation of abuse may therefore be implemented in certain circumstances such as when anti-bullying procedures have failed to be effective; the bullying behaviour is persistent and severe resulting in the target of the bullying suffering/likely to suffer significant harm; there are concerns that the bullying behaviour is indicative of the child exhibiting this behaviour suffering/likely to suffer significant harm or where concerns exist in relation to the parents/carer's capacity to meet the needs of the child (either the target or the child exhibiting this behaviour).

Children Who Sexually Abuse Others or Display Sexually Harmful Behaviour

When abuse of a child is alleged to have been carried out by another child, the procedures outlined in **section 7** of this policy will be followed. It is important in such situations to distinguish between behaviours which are experimental in nature and those that are exploitative and harmful. Advice and support will be sought in such circumstances from the Education Authority's Designated Officer for Child Protection and where appropriate a referral made to the statutory agencies. In all such cases a risk assessment will be undertaken and an individual support and safety plan identified. Appropriate services will also be provided for the children involved. **The above guidance follows DE Circular 2016/05 subject Children Who Display Harmful Sexualized Behaviour.**

Indecent Photographs

The offence of taking indecent pictures of children under 18 years can apply in a situation where a pupil has taken an indecent picture using a mobile phone of others under 18 years of age. It is also an offence to distribute, possess with intent to distribute or show such photographs to others. In such circumstances the PSNI and Social Services will be contacted. The school also has an e-safety/ mobile phone and electronic devices (or similarly named policies) which has/have been circulated to parents and pupils and which is available from the school.

Young Person whose Behaviour places him/her at Risk of Significant Harm

A child whose own behaviours e.g. self-harming behaviour, leaving school without permission etc. places him/her at risk of significant harm, may not necessarily constitute abuse however it may still reach the threshold for referral on Child Protection grounds. The decision to initiate child protection procedures is a matter for professional judgement and each case will be considered individually with advice sought from the Education Authority's Designated Officer for Child Protection. The criminal aspects of such cases will be dealt with by the PSNI.

Domestic Violence and Abuse

Is defined as threatening, controlling, coercive behaviour, violence or abuse (psychological, virtual, physical, verbal, sexual, financial or emotional) inflicted on anyone (irrespective of age, ethnicity, religion, gender, identity, orientation or any form of disability) by a current or former intimate partner or family member.'

(Stopping Domestic and Sexual Violence and Abuse in Northern Ireland A Seven Year Strategy: March 2016)

Sexual Violence and Abuse

Is defined as 'any behaviour (physical, psychological, verbal, virtual /online) perceived to be of a sexual nature which is controlling, coercive, exploitative, harmful or unwanted that is inflicted on anyone (irrespective of age, ethnicity, religion, gender, gender identity, sexual orientation or any form of disability).'

Please note that coercive, exploitative, and harmful behaviour includes taking advantage of an individual's incapacity to give informed consent. **(Stopping Domestic and Sexual Violence and Abuse in Northern Ireland A Seven Year Strategy: March 2016)**

A child may live in a family where there is domestic abuse or a young person may be in a relationship where they become the subject of domestic abuse. In high risk cases involving domestic abuse Social Services and/or the Education Authority's Designated Officer for Child Protection will contact the school in order to help assess the child/young person's needs and to ensure that he/she is receives appropriate support.

Gender Identity - Gender Variant/Transgender young people

Being transgender is a recognised medical condition known as Gender Dysphoria or Gender Identity Disorder. Transgender is separate from LGB. This school will work collaboratively with parents, other services and most important the young person him/herself to support him/her in progressing through their school life showing due regard to their needs.

Female Genital Mutilation

FGM involves procedures that include the partial or total removal of the external female genital organs for cultural or other non-therapeutic reasons. The practice is medically unnecessary, extremely painful and has serious health consequences, both at the time when the mutilation is carried out and in later life. - **Multi-agency Practice Guidelines: Female Genital Mutilation. DFP 2014**

Schools should be aware of some of the following in identifying who could be at risk.

- Being a girl aged 5 - 8 within a community where FGM is practised
- Prolonged return to country of origin for summer break – giving sufficient healing time before return to school
- Female elder visiting from a country of origin
- Child may tell other children about it
- A girls may disclose that she is to have a 'special procedure' or attend a special occasion to 'become a woman'
- Parents state that they or a relative will take the child out of the country for a prolonged period

Forced Marriage

Where we are made aware or have a reasonable suspicion that a child attending this school is being forced into marriage we will report this on as appropriate to the relevant agencies. We will be mindful of the following in relation to a child:

- Absence and persistent absence
- Request for extended leave of absence and failure to return from visits to country of origin
- Surveillance by siblings or cousins
- Change in behaviour, performance or punctuality
- Being withdrawn from school for 'home schooling' and not receiving suitable education at home
- Not allowed to attend extra-curricular activities
- Sudden announcement of engagement

We also recognise that there is a danger in involving the family of the child concerned and alerting them to the fact that the school and others are aware and will act to protect the child - ***The Right to Choose: Statutory guidance for dealing with forced marriage. DFPNI 2012***

Self Harm and Suicide

It is most helpful to consider self harm as a continuum, ranging from behaviour which has a strong suicidal intent (for example, some kinds of overdose) to behaviour which is intended to help the person stay alive (such as cutting)' - **John Coleman 2004**

Self harm is often a means by which a child can release the tension caused by their anxiety, grief or anger. It can also be seen as a means of communication, to tell themselves and others that they need help. It helps them feel they have a level of control over something in their lives – making 'real' the emotional pain they are unable to express.

It is our policy that in instances where a child expresses suicidal ideation or self harm or discloses that he/she has self harmed, we will contact the parents and ask them to take their child to their GP for assessment.
